

Oxford County Boys and Girls Lead State in

Girls Lead State in Club Work

Although Oxford county club members still lead the state by having the largest enrollment, yet the margin was somewhat reduced during April. The neighborhood counties of Androscoggin, Sagadahoc and Lincoln are in line with 31 members less than Oxford.

Not only does Oxford county lead the state in having the largest enrollment of 368, but also stands first for having the largest gain over 1927 on similar date, there being 180 more boys and girls enrolled in April 30 than there were a year at that time. During the month of April the enrollment for this county increased 28 as compared with corresponding month of last year.

During the month of April, Kennebec county had the greatest gain in April, adding 10 to its enrollment and bringing the total up to 275.

A gain of 706 members was reported during April according to the report of state club leader, Lester H. Shibley, bringing the total for the state up to 2,600, which is 364 more than last year on similar date, which was the best record to date, with the exception of but one year, 1926, when high record was established.

During the month of May it is expected that the Oxford county enrollment will take a good jump, which will be proved, and also with the enrollment of boys and girls club members in Bangor.

## NORWAY VICINITY

Mrs. John A. Woodman has bought a  
Torrence Vacuum Cleaner with all the  
fixings.  
Capt. E. F. Coburn of Middlefield, after  
engaging what help needed for his camps,  
has had some sixty applications from  
those who want work.

It is said: "Lee Thurston of Andover  
made more money pulling ants from mud  
hole near his house this spring than he  
did on his winters logging job."  
Dr. Frank Pemberton and wife, of Boston,  
have been calling on friends in this  
vicinity. He was called here to attend a  
Medical Association meeting in Bethel.  
Fred Deoster was asked what he did  
with the eggs from his flock of hens. "We  
use," he said, "Some 300 dozen eggs per  
year in the house and there's where I find  
a steady market."

Stanley Tree is temporarily on the road  
selling shoes. One of the regular sales-  
men took sick and Stanley was called in  
trip for him. It was in Massachusetts  
and Connecticut.

George Hill of the Buick Co., shows a  
special Cadillac sedan recently sold  
Dr. George Elliott of East Otisfield. It  
is a maroon colored and fine looking car.  
It takes over four thousand dollars to  
own it.

The fishing season is here. We have  
got one trout. It came from the waters  
of Round Pond and weighed, after being  
dressed, exactly seven ounces. It gave  
its life for a commonplace mud worm  
sunk deep in the water.

## Ice in Big Lake

## Rangeley System

J. E. Scott of Scott's Camps, Quimby  
Pond, writes May 5, as follows:  
Got over here Thursday, May 3,  
and even now snow is piled up all  
around and ice solid yet, not even  
broken around shore, even with very  
warm weather, and of course wind  
with it. I find all the old timers pre-  
dicting May 15th to 20th, and not  
one day sooner. I heard yesterday  
they cut in at Barker's on the big  
Lake and found 22 inch blue ice, so  
much for the weather. Quier spring,  
is it not?

I put in about \$,000 fine trout be-  
fore closing up last October and the  
spawning beds last fall were just the  
same as ever. I watched them every  
day till the Pond froze over. I never  
saw more fish.

## NORWAY PUMPER DID NOT ATTEND WATERFORD FIRE

## Bad Roads and Excessive Weight of Pumper the Only Reason

Editor Norway Advertiser—If space  
permits, I wish to correct the false im-  
pression that arose during our recent fire.  
Soon after the fire was discovered, help  
was asked from Norway and Harrison.  
The town of Harrison sent their pumper  
and stopped the fire from spreading at  
the Masonic Hall.  
Some luck was with us and other build-  
ings were quickly put out when blazing  
embers fell upon them. There was a  
chance that we might have needed more  
help and Norway was severely criticised  
for not responding to our call for help.  
We have since learned that the selec-  
tion of Norway was advised that the fire  
truck could not get thru and so did not  
deem it advisable to take a chance of hav-  
ing it get mired in the mud. So I feel  
that the townspeople of Waterford should  
know that we have every reason to believe  
that Norway will always help whenever  
the roads are passable.

the best in radio, at the lowest possible price, then the Ozarka Corona  
can't help but please.

In this rather plain, small and yet attractive cabinet will be found the  
same Ozarka six tube radio as used in all other Ozarka cabinets. The same  
quality and the same tone when used with the same speaker.

## OZARKA CORONA

cannot be compared with the plain metal cabinets so commonly used.  
While the price of the Ozarka Corona is low, the same practical radio  
service will be given on this instrument as on all other Ozarkas.

When you buy a radio, you want to know exactly what it will do—what  
you yourself can tune in and not what some salesman can do. The best way  
to prove this is to have an instrument set up in your own home. Try it  
yourself, try a number of others and make comparisons—the Ozarka will do its  
own talking.

We will gladly arrange for a demonstration of the Ozarka any evening  
you say. Electrically operated if desired.

## Lesson for May 13

### JESUS ENTERS JERUSALEM

LESSON TEXT—Mark 11:1-11.  
GOLDEN TEXT—Behold, thy King cometh unto thee; He is just, and having salvation.  
PRIMARY TOPIC—Hailing Jesus as King.  
JUNIOR TOPIC—Hailing Jesus as King.  
INTERMEDIATE AND SENIOR TOPIC—The King's Qualities of Jesus.  
YOUNG PEOPLE AND ADULT TOPIC—Jesus Asserts Messianic Authority.

1. Jesus Officially Presented to the Jewish Nation as King—vv. 1-11.  
This should not be designated the triumphal entry, for it was so only in outward appearance. The shouts were empty and meaningless. It was the promised King publicly offering Himself to the nation.

2. The preparation (vv. 1-6).  
(1) Two disciples sent for the ass (vv. 1-3).

Use told them just where to go to find it, and how to answer the owner's inquiry. The providing of this animal was the working out of the divine plan according to Christ's foreknowledge.

(2) Obedience of the disciples (vv. 4-6). Without asking why, they go to His bidding. The command may have seemed strange and unreasonable, but they rendered explicit obedience.

3. The entry into Jerusalem (vv. 7-10).

(1) The disciples put their garments upon the ass and set the Lord upon it (v. 7). This act showed their recognition of Him as their King (cf. Kings 9:13).

(2) The multitude (vv. 8, 9). Some spread their garments in the way; others who had no garments to spare cut down branches and strewed them in the way, which was just as acceptable unto Him. This entry was in fulfillment of a prophecy uttered some five hundred years before (Zech. 9:9). They uttered the very cry which the prophet foretold. This is a clue to enable one to understand the prophecies which are unfulfilled as yet. If the prediction of His first coming was thus literally fulfilled, we must believe that those of His second coming will likewise be literally fulfilled. The prediction of Zechariah 14:3-11 will be just as literally fulfilled as that of Zechariah 9:9.

(3) The Lord's action (v. 10). Upon entering the temple, He looked around upon all things; but as it was eventide He withdrew to Bethany with the twelve.

4. Jesus Exercising His Royal Authority (vv. 12-19).

1. The barren fig tree cursed (vv. 12-14).  
The fig tree is typical of the Jewish nation. The fruit normally appears on the fig tree ahead of the leaves. The presence of the leaves is the assurance of fruit. This was an acted parable of the Lord's judgment on Israel for pretension of being the chosen people without the fruits thereof.

2. The temple cleansed (vv. 15-19).  
For the various sacrifices in the temple, many oxen, sheep and doves were needed. Many persons came from the distant parts of the land; therefore it was impracticable for them to bring their sacrifices with them, so they brought money and bought the animals needed. This privilege the law had granted to them (Deut. 14:24-26), for the exchange was necessary. When evil men used it as an opportunity to gain it by came an offense before God. It defiled His house. Jesus made Himself a scourge of cords and drove out the money changers, overthrowing their tables and pouring out their money. By this act He declared Himself to be the Lord of the temple and one with God. That which God intended to be a "house of prayer for all nations" was made a "den of thieves." This action symbolized the call of the nation to repentance.

3. Jesus' Authority Challenged (vv. 20-23).

They challenged Him to show by what authority He accepted the honors of the Messiah, and who gave Him the authority to cast out the money changers. This seemed to place Jesus in a dilemma. He responded by a question which placed them in a counter dilemma. Since John was His forerunner, the divinity of His commission rested upon that of John. They were powerless to discredit John, because the people accepted him as God's prophet. If they had accepted John's message they would have been prepared to accept His. They weakly confessed that they could not answer the question.

### Route to Glory

"He must increase, but I must decrease." This is your route to glory. Unless He increases in your life and you decrease, your life will be contrary to what He wants it to be. In fact, it will be fruitless. In all things He must have the pre-eminence if you would be fruitful for Him.

### Worthy Qualities

A man cannot persistently admire worthy qualities and not eventually partake of them.—Brown.
